

Onboarding

Welcome to SHINE iHUB

The SHINE Virtual iHUB is a collaborative environment that brings together students, academic staff, and industry mentors around innovative concurrent engineering education. Follow the steps below to get started.

1. Create your account

Register with your institutional email to join the platform. Your administrator will confirm your role.

2. Find your organisation

Navigate to the Organisations directory to locate your institution and the relevant unit. If it is not listed, contact your SHINE coordinator.

3. Join or create a team

Teams are the building block of project-based learning on the platform. Join an open team or create one with your classmates.

4. Start learning

Browse the Course Catalog to enroll in structured courses delivered through Moodle. Progress, badges, and certificates are tracked automatically.

Need help?

Visit the [User Guides](#) and [Resource Library](#) for detailed instructions.
